INTRODUCTION

The Alberta Vital Statistics Annual Report is a summary of all events in Alberta which occurred during the 1991 calendar year.

The Annual Report is produced primarily to provide the public and health-care related professionals with a resource document on the provincial statistical data.

The statistics presented in this Annual Report are compiled from the events registered, prior to March 1992, in the Vital Statistics Information Terminal System.

I wish to thank the Alberta Health personnel, members of the health community and especially the Vital Statistics' staff for their assistance in compiling this report.

The department wishes to pay special tribute to the former Director of Vital Statistics, Mr. Morris Sabadash, who passed away in May 1992. His warm personality, caring way and dedication to the staff and the branch operations contributed greatly to all Vital Statistics endeavors.
